Academic research published as a graphic novel
http://blogs.lse.ac.uk/impactofsocialsciences/2012/07/23/academic-research-published-graphic-novel/

Stanford storytelling project
www.standford.edu/group/storytelling/
Gives student the chance to create oral stories and understand how story telling works. They have grants to create stories from their research.

Global storytelling project
http://www.globalgiving.org/stories/
Storytelling Project is an experiment in collecting community feedback. We've started by recording thousands of stories told by people from areas where Global Giving partners work. Using stories to evaluate impact (40,000 stories) then using software to look for themes and trends

Nominet Trust - uses stories to evaluate grant programs – based on global giving
